■■ **CLOCK-HOUR ENROLLMENT REGULATORY DISCLOSURE:** This program operates on a federal clock-hour framework (Total Program Hours: 880). While institutional costs are assessed on a term structure, federal financial aid is divided into two equal payment period disbursements. The first disbursement is scheduled at the start of your program. The second disbursement **WILL NOT disburse until you have successfully completed 440 clock hours and 22 weeks of instructional time** (34 CFR § 668.4(b)). Attendance directly dictates disbursement timing.

MILITARY EDUCATION BENEFITS POLICY: ESTIMATED \$0.00 LOAN DEBT OFFERED

Based on current packaging, your institutional tuition and fees are covered fully via Chapter 33 veterans' benefits and non-repayable Federal Pell Grants; you currently have no federal student loan debt obligations scheduled for this cycle.

VA Post-9/11 Certification Notice:

Tuition payments are sent by the VA directly to the institution. Any alterations in your scheduled enrollment or attendance must be reported immediately to prevent retroactive benefit recalculations and personal overpayment debts to the government.

Critical Disclosures

- **VA Funding Timelines:** Post-9/11 tuition disbursements dispatch on a distinct federal timeline and post directly to the institution independently from Pell Grant schedules.
- **Pell Grant Autonomy:** Your Pell Grant eligibility remains independent from GI Bill restrictions and applies directly to your institutional charges.
- **Credit Balance Processing:** Eligible Title IV credit balance refunds are processed and refunded within 14 calendar days of posting to the ledger (34 CFR § 668.164(h)).
